

17 October 1963

Lieutenant General Francis H. Griswold
Commandant
The National War College
Washington 25, D. C.

Dear General Griswold:

Thanks ever so much for sending me the brand spanking new War College tie -- I must say that they have either changed the colors or it's been a long time since I went to the College.

I do hope that the school's visit out here to the pickle factory was successful -- I think it was muchly improved over last year's and I hope that you will let us have you boys again next year and we will promise an even better show.

With my thanks again,

Faithfully yours,

/s/ Pat

Marshall S. Carter
Lieutenant General, USA
